

**Anti-doping rules applicable to the Olympic boxing qualifying events organised by the Paris 2024 Boxing Unit under the authority of the International Olympic Committee**

Following its decision that the boxing qualifying events and competitions for Paris 2024 will not be run under the authority of the International Boxing Association (“**IBA**”), on 8 September 2022 the IOC Executive Board approved a new boxing qualification system for the *Olympic Games Paris 2024*. As a consequence, three (3) of the qualification events will be organised by the Paris 2024 Boxing Unit under the authority of the *International Olympic Committee* (“**IOC**”) (the “**3 Qualifying Events**”) and four (4) continental multisport games will also serve as qualification events (the “**Other Qualifying Events**”) (the 3 Qualifying Events and the Other Qualifying Events jointly, “**All Qualifying Events**”). The *IOC* has issued this document regarding the anti-doping rules applicable to all participants of the 3 Qualifying Events (the “**Participant(s)**”) and the respective event organisers’ anti-doping rules will apply to all participants of the Other Qualifying Events.

As a condition of being entered as Participant and to participate in (and/or being accredited to) any of the 3 Qualifying Events, their participation (and/or accreditation) will subject Participants to the authority of the *IOC* in connection with the *Olympic Games Paris 2024*. Participants agree to be bound by the Anti-Doping Rules applicable to the Games of the XXXIII Olympiad Paris 2024 (the “**Anti-Doping Rules**”) as adapted and interpreted for the purposes of the 3 Qualifying Events.

In the context of the 3 Qualifying Events, the Anti-Doping Rules shall be interpreted and implemented *mutatis mutandis* in order to allow the effective conduct of *Doping Control* in respect to the 3 Qualifying Events’ Participants and notably *In-Competition Testing* on the occasion of each of the 3 Qualifying Events’ *Competition* and *Out-of-Competition Testing*. In particular and without limitation:

- (1) the “**Period of the Qualifying Events**” shall cover the whole period extending from signature of the entry form by the Participants and/or other *Persons* for the first of the 3 Qualifying Events which they are being accredited to, and until full completion of the qualification process for the *Olympic Games Paris 2024*;
- (2) where appropriate depending on context, references in the Anti-Doping Rules to the *Olympic Games*, and/or *Olympic Games Paris 2024* and/or *Competitions* and *Events in the context of the Olympic Games Paris 2024* shall notably be deemed to constitute also references to or including the 3 Qualifying Events, and/or the 3 Qualifying Events’ *Competitions* or *Events*;
- (3) any anti-doping rule violation established in application of the Anti-Doping Rules, irrespective of whether such an anti-doping rule violation is established on the occasion of or in connection with any of the 3 Qualifying Events’ *Competitions* or *Events* or on the occasion of or in connection with the actual *Olympic Games Paris 2024* or *Competitions* thereof, may lead to *Consequences* specified in the Anti-Doping Rules, including *Provisional Suspension* pursuant to Article 7.6 of the Anti-Doping Rules, *Disqualifications* pursuant to Articles 9 and 10.1 of the Anti-Doping Rules of any and all results achieved in any and all of All Qualifying Events’ *Competitions* or *Events* and/or in any and all *Competitions* of the actual *Olympic Games Paris 2024* and/or to *Ineligibility* for All Qualifying Events’ *Competitions* or *Events* and/or for the actual *Olympic Games Paris 2024* or *Competitions* thereof and other *Consequences* pursuant to Article 10.2 of the Anti-Doping Rules, the forfeiture of any medals, diplomas, points and prizes from All Qualifying Events’ *Competitions* or *Events* and/or *Olympic Games Paris 2024*, and any recovery of costs (if applicable) related to the anti-doping rule violation;

(4) given the present situation of the IBA, references in the Anti-Doping Rules to the *International Federation* shall be understood, in the context of the 3 Qualifying Events and also of the *Olympic Games Paris 2024*, as references to IBA or any *Anti-Doping Organization* acting as IBA's successor in respect to the *Doping Control* or designated for this purpose, in particular regarding the provisions in the Anti-Doping Rules related to Results Management (Article 7.1.2, 7.9 of the Anti-Doping Rules), Sanctions on Individuals (Article 10.2.2 of the Anti-Doping Rules);

(5) from signature of the entry form, the 3 Qualifying Events' Participants shall be eligible for *TUEs* issued in accordance with the procedure provided for in Article 4.4 of the Anti-Doping Rules. In the event of qualification to *Olympic Games Paris 2024*, *TUEs* issued in application of the Anti-Doping Rules in the context of the 3 Qualifying Events shall remain valid (subject to review pursuant to Articles 4.4.5-4.4.7 of the Anti-Doping Rules) for the *Olympic Games Paris 2024*.

Italicised terms in this document shall have the meaning attributed to such in the Anti-Doping Rules.
