ISSF — SHOOTING

SUBMISSION PROCESS

The IOC has set up a new tool for items to be reviewed and offer assistance. The new Uniform Submission tool is now live on RELAY, where uniforms can be submitted to the IOC for review. If you are an NOC who does not have access to RELAY and needs access to submit the uniforms, please email nocnet@olympic.org.

As in previous Games, while the process is not mandatory for this sport, it is still highly encouraged to submit uniforms, to minimise any possible Games-time issues. Once a submission has been made through the IOC’s online submission tool, NOCs will be notified of the “reviewed” or “non-compliant” status of their submitted items.

All shooting equipment and clothing used in competition must comply with ISSF General Technical Rules (Rifle, Rule 7.4 and 7.5; Pistol, Rule 8.4, 8.5 and 8.6; Shotgun, Rule 9.4). Pre-competition testing is optional for athletes, but all shooting equipment and clothing is subject to Jury checks during the competition and to random post-competition testing.
